

South Dakota Elementary Teacher STEM Initiative

- Learn what integrated STEM means.
- Experience integrated STEM activities for grades 2 – 5.
- Practice routines that can be used in your classroom to engage all students.
- Work with the 5E Lesson Planning Model
- Use the SD standards, the Science & Engineering Standards, and the Standards for Mathematical Practice to examine integrated STEM activities.
- Engage with teachers at the same grade level to create a high-quality integrated STEM lesson to use in your classroom.
- Earn two graduate credits at a reduced tuition rate (\$40/credit, optional).
- Room and board provided on campus during the workshop.

Two Options for the Week-Long Workshop

SOUTH DAKOTA STATE UNIVERSITY | JUNE 10 - 14, 2024

BLACK HILLS STATE UNIVERSITY | JULY 15 - 19, 2024
